

SIT30125 CERTIFICATE III IN TOURISM

Tour Guide

NITA's tourism traineeship at Ayers Rock Resort is designed for young Anangu who want to build skills to work in the Australian tourism industry. Throughout the traineeship, students will develop a broad range of industry skills and knowledge to support their career development.

The course is also designed to strengthen Anangu cultural knowledge and practice, acting on community aspirations to build the next generation of Anangu tour guides. It supports trainees to develop the confidence and skills needed to communicate with and educate visitors.

This qualification offers a pathway to employment at Ayers Rock Resort within the Guest Activities and Touring teams, as well as other Anangu tourism experiences. It also provides the foundational skills needed for guiding roles across the wider tourism sector, preparing graduates for opportunities with tour operators, visitor information centres, and small tourism businesses.
